Cilji in kompetence:

Objectives and competences:

Temeljni cilj predmeta je študentom omogočiti poglobljeno razumevanje nacionalnovarnostnega sistema Republike Slovenije, njegovega normativnega, institucionalnega in strateškega okvira ter umeščenosti v evropsko in mednarodno varnostno okolje, pri čemer študenti razvijajo sposobnost kritične analize sodobnih varnostnih groženj, delovanja ključnih varnostnih institucij ter samostojnega raziskovanja in argumentiranega vrednotenja nacionalnovarnostnih vprašanj. Študentje bodo razvili **splošne kompetence**: - kritičnega, analitičnega in sistemskega razmišljanja; - povezovanja teoretičnega znanja s konkretnimi varnostnimi problemi in procesi; - samostojnega zbiranja, vrednotenja, analiziranja in interpretiranja podatkov ter strokovnih in znanstvenih virov; - argumentiranega oblikovanja in predstavljanja strokovnih stališč; - samostojnega in skupinskega raziskovalnega dela; - etičnega in odgovornega ravnanja pri raziskovalnem in strokovnem delu; - uporabe pridobljenega znanja pri reševanju kompleksnih problemov v nacionalnem in mednarodnem varnostnem okolju.		The main objective of the course is to provide students with an in-depth understanding of the national security system of the Republic of Slovenia, its normative, institutional and strategic framework, and its position within the European and international security environment. In doing so, students develop the ability to critically analyse contemporary security threats, the functioning of key security institutions, and to independently research and critically assess national security issues in a well-argued manner. Students will develop the following **general competences:** - critical, analytical and systems thinking; the ability to connect theoretical knowledge with specific security problems and processes; - the ability to independently collect, assess, analyse and interpret data as well as professional and academic sources; - the ability to formulate and present well-founded professional arguments; - the ability to conduct independent and collaborative research; - ethical and responsible conduct in research and professional work; - the ability to apply acquired knowledge to the analysis and resolution of complex problems in the national and international security environment.
Študentje bodo razvili **predmetno-specifične kompetence**: - razumevanja in kritične presoje temeljnih konceptov nacionalne in mednarodne varnosti ter normativnih, strateških in institucionalnih temeljev nacionalnovarnostnega sistema Republike Slovenije; - analiziranja strukture, pristojnosti in medsebojnih razmerij ključnih subjektov nacionalnovarnostnega sistema ter njihove vloge pri zagotavljanju nacionalne varnosti; - razumevanja in vrednotenja civilno-vojaških odnosov ter mehanizmov demokratičnega in civilnega nadzora; - analiziranja sodobnih varnostnih groženj, tveganj in ranljivosti ter položaja Republike Slovenije v varnostnih in obrambnih strukturah EU in Nata; - samostojnega raziskovanja izbranih nacionalnovarnostnih vprašanj ter oblikovanja strokovno in znanstveno utemeljenih ugotovitev in priporočil.		Students will develop the following **course-specific competences:** - understand and critically assess the fundamental concepts of national and international security and the normative, strategic and institutional foundations of the national security system of the Republic of Slovenia; - analyse the structure, competences and interrelationships of the key actors within the national security system and their role in ensuring national security; - understand and evaluate civil–military relations and mechanisms of democratic and civilian oversight; - analyse contemporary security threats, risks and vulnerabilities, as well as the position of the Republic of Slovenia within the security and defence structures of the EU and NATO; - independently research selected national security issues and formulate professionally and academically grounded findings and recommendations.

Predvideni študijski rezultati: **Znanje in razumevanje:**	**Intended learning outcomes:** **Knowledge and understanding:**

Študent bo zmožen:	**Students will be able to:**
- pojasniti in kritično ovrednotiti temeljne koncepte nacionalne in mednarodne varnosti ter delovanje nacionalnovarnostnega sistema Republike Slovenije; - analizirati strukturo, pristojnosti in medsebojna razmerja ključnih subjektov nacionalnovarnostnega sistema; - interpretirati in kritično presojati ključne strateške, pravne in politične dokumente s področja nacionalne varnosti; - analizirati sodobne varnostne grožnje, tveganja in ranljivosti ter položaj Republike Slovenije v okviru EU in Nata; - uporabiti sistemski in raziskovalni pristop pri obravnavi konkretnega nacionalnovarnostnega problema ter kritično ovrednotiti relevantne vire; - oblikovati, predstaviti in zagovarjati strokovno ter raziskovalno utemeljene ugotovitve, sklepe in priporočila.	- explain and critically evaluate the fundamental concepts of national and international security and the functioning of the national security system of the Republic of Slovenia; - analyse the structure, competences and interrelationships of the key actors within the national security system; - interpret and critically assess key strategic, legal and policy documents in the field of national security; - analyse contemporary security threats, risks and vulnerabilities, as well as the position of the Republic of Slovenia within the EU and NATO; - apply a systems-based and research-oriented approach to a specific national security issue and critically evaluate relevant sources; - formulate, present and defend professionally and academically grounded findings, conclusions and recommendations.
