Cilji in kompetence:

Program je zasnovan za izobraževanje javnih uslužbencev na različnih področjih dela v javni upravi. Študenti na FDŠ pa ne dobijo le splošnih znanj o državi in njeni upravi, temveč se podrobno seznanijo še z etičnimi, varnostnimi, obrambnimi ter strateškimi vprašanji, katerih poznavanje je nujno za celovito razumevanje države v današnjem post-modernem svetu. Pridobili bodo naslednje kompetence:

sposobnost in razvoj kritičnega mišljenja pri obravnavi temeljnih vprašanj, procesov in problemov, sposobnost prehoda od opisnega načina učenja do analitičnega učenja s

Objectives and competences:

The programme is designed to train civil servants in different areas of work in the public administration. Students at the FDŠ not only gain a general knowledge of the state and its administration, but also an in-depth understanding of ethical, security, defence and strategic issues, knowledge of which is essential for a comprehensive understanding of the state in today's post-modern world. They will acquire the following competences:

The ability and development of critical thinking in dealing with fundamental issues, processes and problems, the ability to move from descriptive learning to analytical learning with an emphasis on self-critical thinking, an

poudarkom na samokritičnem mišljenju, razumevanje nujnosti nevtralnega svetovnonazorskega pristopa pri reševanju problemov v javni upravi, izboljšanje sposobnosti odločanja o temeljnih dilemah slovenske družbe v konkretnih primerih, vključevanje pridobljenega znanja v delovni proces in reševanje delovnih nalog, sposobnost predanega samostojnega dela in njegove samorefleksije, sposobnost skupinskega dela in odločanje ter mreženja na strokovnem področju, sposobnost iskanja rešitev in njihove uporabe v praksi, razvoj sposobnosti pisanja strokovnih prispevkov na visoki strokovni ravni, sposobnost pravilnega citiranja v besedilu in na njegovem koncu.

understanding of the necessity of a neutral world-view approach to problem-solving in public administration, an improvement of the ability to make decisions on the fundamental dilemmas of Slovenian society in concrete cases, integration of the acquired knowledge into the working process and solving work tasks, the ability to work independently and to self-reflect, the ability to work in teams and to make decisions and network in the professional field, the ability to find solutions and to apply them in practice, the development of the ability to write professional papers at a high professional level, the ability to cite correctly in the body of the text and at the end of the text.

Predvideni študijski rezultati:

Seznaniti študente s pomenom, nosilci, vsebino, problematiko in dobro prasko nadziranja vodstvenih, poslovnih, proizvodnih, finančnih, logističnih, informacijskih, komunikacijskih in drugih procesov v gospodarskih družbah, javnih podjetjih, zavodih in drugih organizacijah. Spoznati morajo vlogo, kompetence in koristi notranjih nadzornih mehanizmov ter vlogo in kompetence državnih nadzornih institucij. Zavedati se morajo, da so nadzorni mehanizmi sestavni del proizvodnje, poslovanja, finančnih tokov, logistike, trženja produktov in storitev ter pomembni del upravljanja korporativne varnosti, korporacijske kulture, ugleda in konkurenčnih prednosti sleherne gospodarske in negospodarske organizacije. Poleg tega morajo spoznati, da ima nadzor zakonsko podlago, da se izvaja skozi mnoge standarde in se v končni fazi izrazi kot celovito obvladovanje kakovosti v doseganju poslovne odličnosti.

Intended learning outcomes:

To introduce students to the meaning, drivers, content, issues and good practice of controlling managerial, business, production, financial, logistical, information, communication and other processes in companies, public enterprises, institutions and other organisations. They should be aware of the role, competences and benefits of internal control mechanisms and of the role and competences of state supervisory institutions. They should be aware that control mechanisms are an integral part of production, operations, financial flows, logistics, marketing of products and services and an important part of the management of corporate security, corporate culture, reputation and competitive advantages of any economic or non-economic organisation. Furthermore, they need to recognise that supervision has a legal basis, is implemented through a multitude of standards and is ultimately expressed as total quality management in the pursuit of operational excellence.

Liliana Brožič je doktorirala na Novi univerzi, Fakulteti za državne in evropske študije v letu 2010 z naslovom Izobraževalni sistem kot funkcija razvoja vojaške znanosti. Šest let je bila predsednica Alumni kluba na isti fakulteti, dve leti je bila prodekanja za študijske in študentske zadeve in eno leto dekanja fakultete. Zadnjih nekaj let je predsednica komisije za kakovost na matični fakulteti in članica skupine za kakovost na Novi univerzi.

Prvenstveno jo zanima področje nacionalne in mednarodne varnosti, oborožene sile, EU in njena Skupna in varnostna politika, enakost spolov v varnostnih inštitucijah, mednarodne migracije ter metodologija raziskovanja in kakovost visokošolskega študija. Je avtorica člankov na navedenih področjih.

Liliana Brožič received her PhD from New University, Faculty of Government and European Studies in 2010 with the title Education System as a Function of Military Science Development. She was President of the Alumni Club at the same Faculty for six years, Vice-Dean for Academic and Student Affairs for two years and Dean of the Faculty for one year. For the last few years, she has been the Chair of the Quality Commission at her home faculty and a member of the Quality Group at the New University.

Her main areas of interest are national and international security, armed forces, the EU and its Common and Security Policy, gender equality in security institutions, international migration, research methodology and quality in higher education. She is the author of articles in these fields.

Denis Čaleta je leta 2007 doktoriral na Fakulteti za državne in evropske študije. Je izredni profesor na Fakulteti za državne in evropske študije s področja nacionalnovarnostnega sistema in evropskih varnostnih integracij. V Inštitutu za korporativne varnostne študije opravlja naloge predsednika Sveta ICS in je vodja raziskovalne skupine. Sodeloval in vodil je tudi nekaj raziskovalnih projektov. Svoja dela je predstavil na številnih mednarodnih konferencah in v znanstvenih revijah objavil več kot 10 originalnih znanstvenih člankov. Članki so na temo celovitega obvladovanja varnostnih tveganj. Je tudi avtor dveh znanstvenih monografij. Bil je mentor pri več diplomah in magistrskih delih. Poučuje še na dveh fakultetah v Sloveniji.

Denis Čaleta holds Ph. D. from Faculty of state and European studies, Slovenia in 2007. He is associate professor at Faculty of state and European studies for national security studies and European security associations. He is also President of the Board in Institute for Corporate security studies and he is head of the resource group in the ICS. He has been managed and participated in several research projects. He presented papers at many research conferences worldwide. He authored and co-authored ten original scientific articles published in journals. The papers and articles cover topics in managing the security threats. He is also author of two scientific monograph publications. He supervised more diploma thesis, and master thesis. He also teaches part time at two other faculties in Slovenia.
